## Make@TreeCasa

A unique work-exchange program that invites artists, gardeners, makers, builders, chefs and other passionate folks to come make lasting impact on TreeCasa and the greater San Juan del Sur community.

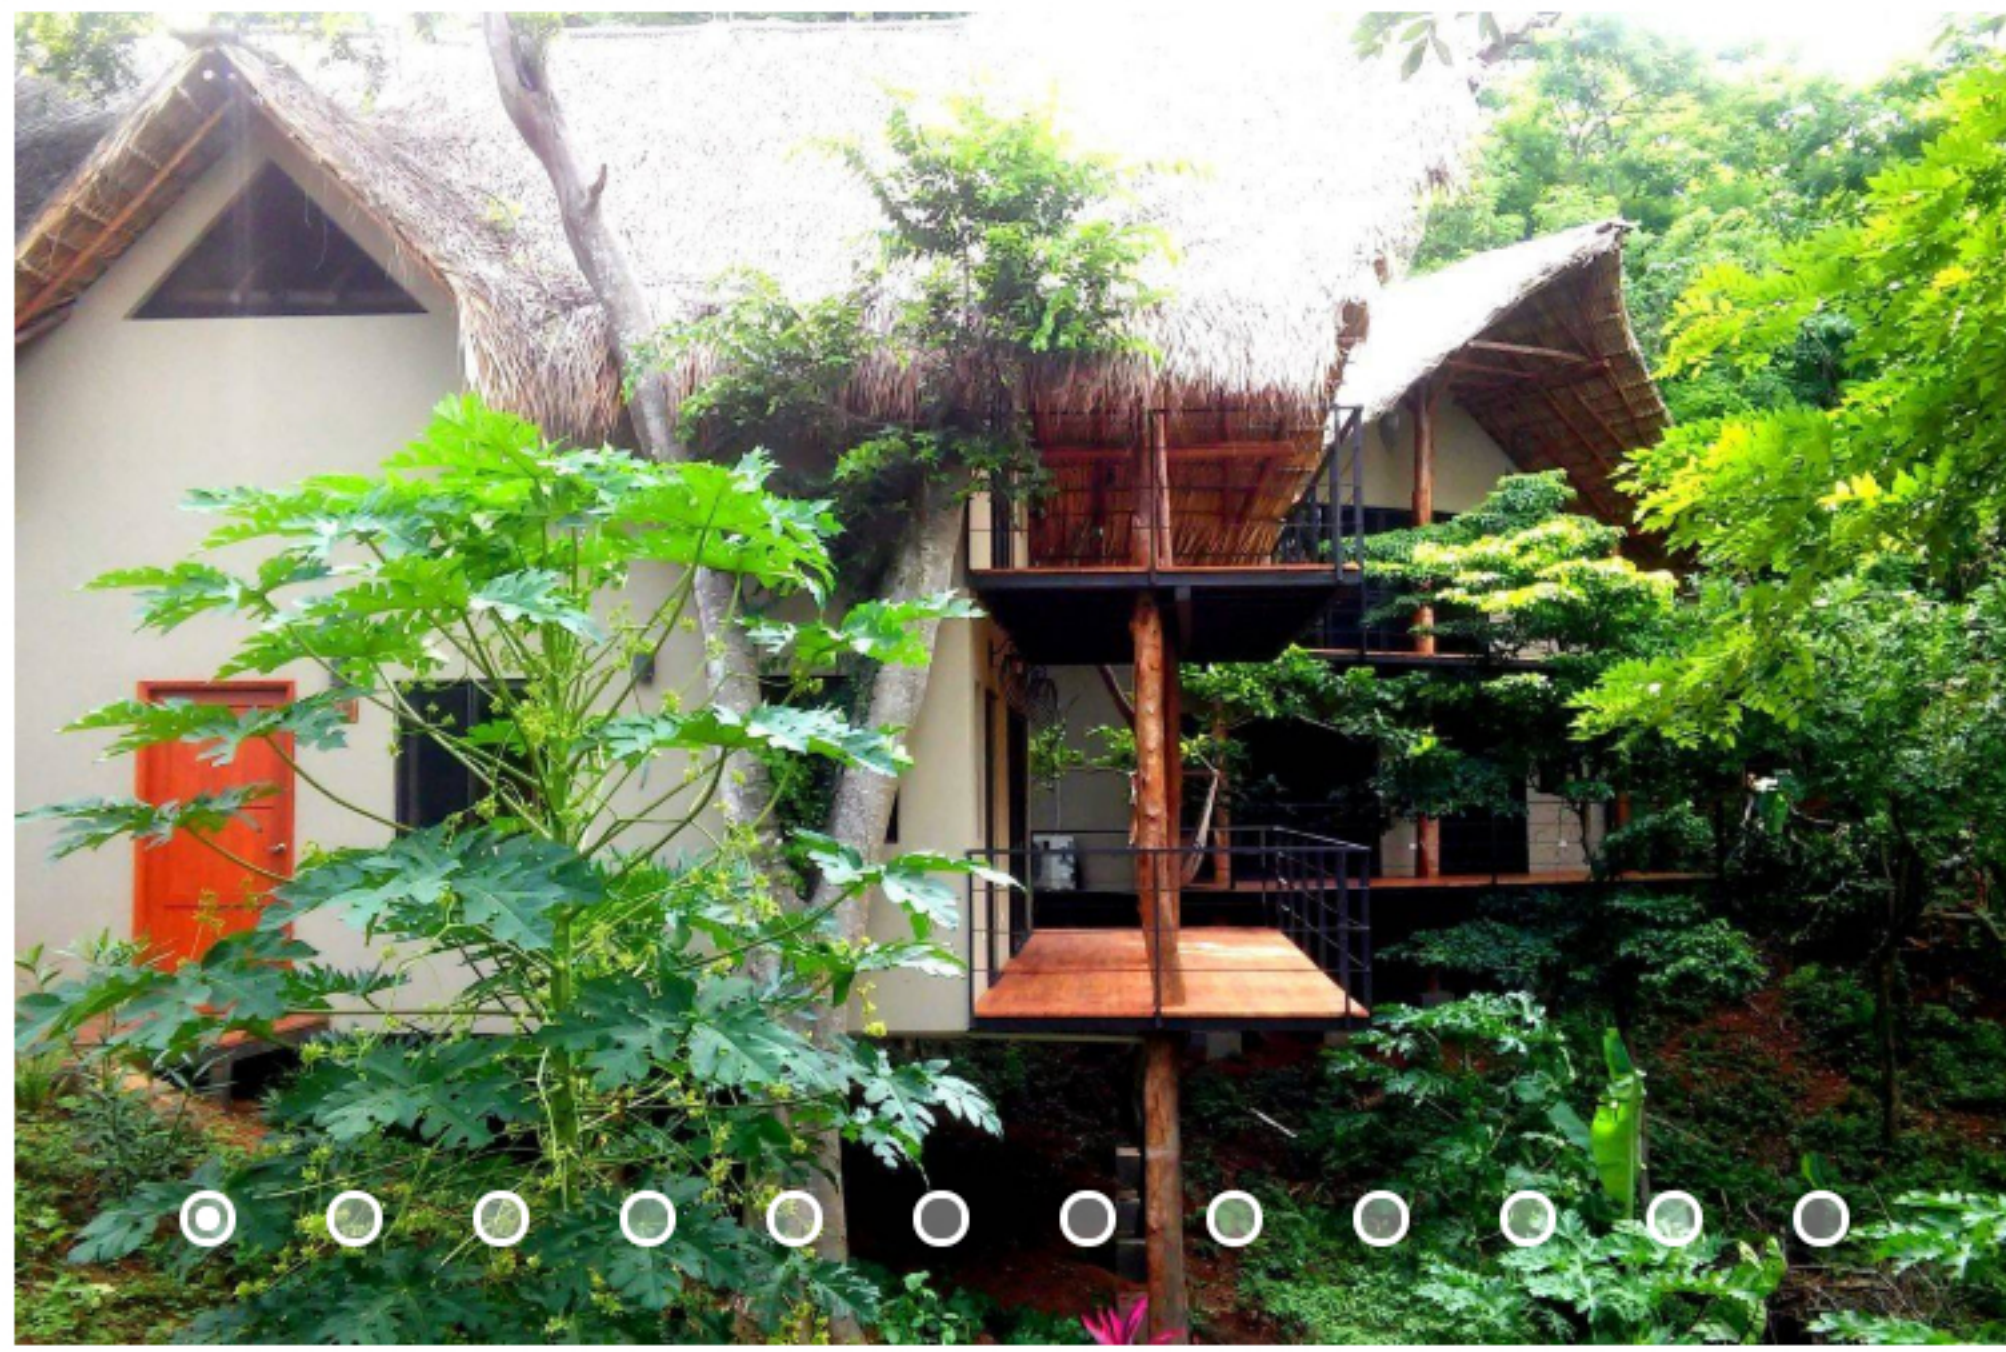

We've built an extraordinary place for people to explore, connect and co-create. You'll add another layer to the story.

Join local stakeholders and a diverse crew from around the world in building a dynamic platform for immersive, interactive experiences and enduring social change. Your work will engage visitors, guests and the broader Nicaragua community network.

TreeCasa offers a vibrant space of encounter and exchange on Nicaragua's Emerald Coast. The entire 10-acre landscape forms an open canvas, live gallery and maker lab for creative collaboration. Craft an unforgettable interactive experience. Construct a sustainable system. Design a new path...

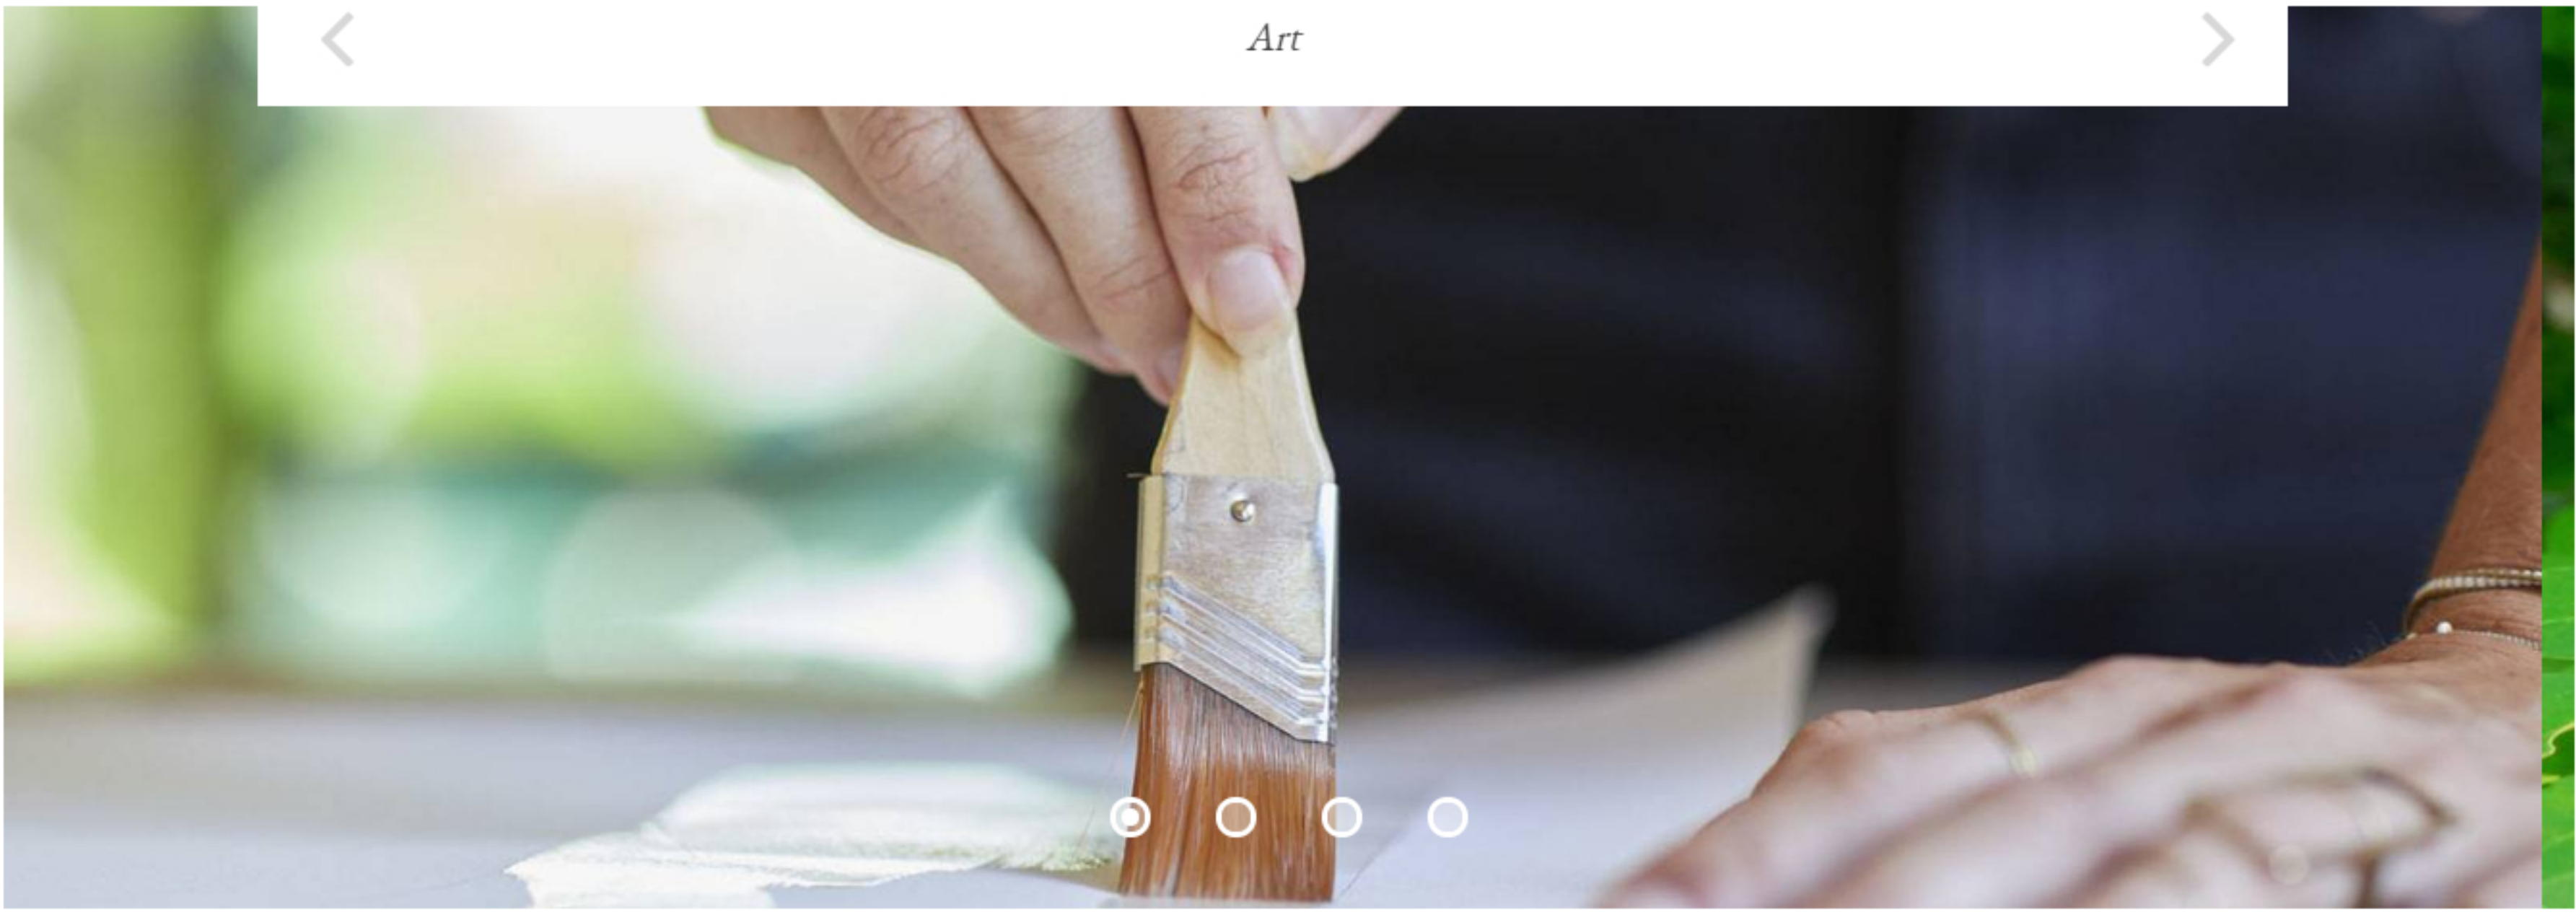

See our Maker Want Ads for specific roles that need immediate filling.

## The Maker Experience

Makers receive the full TreeCasa experience, including:

- 1-2 months stay
- 3 meals a day
- Private room
- Communal kitchen and living space
- Organic garden and food forest goodies
- Access to bikes, pools, yoga, tree lounges, trails
- Free daily shuttles to San Juan del Sur
- 20% Discount on restaurant, bar and suites
- Time to explore and adventure
- Wifi and connectivity

Art
